PRODUCT CATALOGUE · 2026

Practical things, made nicer.

Fly fans, mosquito lamps, disposable placemats, kitchen and travel games. Designed and made in South Africa.

SKOERT PRODUCTS

Everyday things, done with care.

Skoert started with a simple idea: the things we use every day should work properly and look good doing it. Every product here is designed in South Africa, from the placemats printed with local art to the fan that keeps flies off the braai.
